Congratulations and Best Wishes!

Welcome to Fireside Inn & Suites, the surprising destination for Garden Courtyard Weddings in any season. A virtually unknown treasure in the middle of Portland, the Gazebo setting is alive and fragrant with flowering crabapple trees, tulips, azaleas, birch trees and mums – a different backdrop for every season. A lovely arched arbor, covered with flowers forms the perfect outside chapel for your ceremony. The outside poolside patio is a lovely retreat for Rehearsal Dinners and Celebration Brunches.

Should the weather not co-operate, you may choose to be married on the Ballroom dance floor under our arched arbor or in one of our smaller rooms, theatre- style. For small intimate weddings, our lovely River Stone Fireplace is the perfect backdrop for indoor Winter weddings. Our Ballroom seats 235 guests for dinner and will be decorated with your Wedding colors in mind.

Our award- winning Executive Chef delights in creating delicious Wedding Dinners, and an extensive offering of delectable hors d'oeuvres. You may wish to choose one of several options: including a chef's carving station of Roast Prime Rib, tulle & lights above the dance floor or special linens. One of our experienced wedding coordinators will be happy to guide you through the details of your special day including menu planning, setting up an overnight guest room block, your meal tasting, your rehearsal, and your ceremony. Let us know your vision and we will do our best to make it happen - we want your wedding to be all that you have imagined.
